Full of fascinating information, this book explores the world of the polar bear on land and under water. Get ready to be wooed by adorable baby cubs and impressed by majestic adult bears captured in stunning photographs by renowned wildlife photographer Mark Newman.

Brotherhood of the Bomb-Gregg Herken 2013-08-13 The fascinating story of the men who founded the nuclear age, fully told for the first time The story of the twentieth century is largely the story of the power of science and technology. Within that story is the incredible tale of the human conflict between Robert Oppenheimer, Ernest Lawrence, and Edward Teller-the scientists most responsible for the advent of weapons of mass destruction. How did science-and its practitioners-enlisted in the service of the state during the Second World War, become a slave to its patron during the Cold War? The story of these three men, builders of the bombs, is fundamentally about loyalty-to country, to science, and to each other-and about the wrenching choices that had to be made when these allegiances came into conflict. Gregg Herken gives us the behind-the-scenes account based upon a decade of research, interviews, and newly released Freedom of Information Act and Russian documents. Brotherhood of the Bomb is a vital slice of American history told authoritatively-and grippingly-for the first time.

Georgia Test Prep, Grade 3-Spectrum 2004-08-02 Spectrum Georgia Test Prep provides the most comprehensive strategies for effective CRCT test preparation! The Japanese Devil Fish Girl and Other Unnatural Attractions-Robert Rankin 2010-09-09 The pickled Martian's tentacles are fraying at the ends and Professor Coffin's Most Meritorious Unnatural Attraction (the remains of the original alien autopsy, performed by Sir Frederick Treves at the London Hospital) is no longer drawing the crowds. It's 1895; nearly a decade since Mars invaded Earth, chronicled by H.G. Wells in THE WAR OF THE WORLDS. Wrecked Martian spaceships, back-engineered by Charles Babbage and Nikola Tesla, have carried the Queen's Own Electric Fusiliers to the red planet, and Mars is now part of the ever-expanding British Empire. The less-than-scrupulous sideshow proprietor likes Off-worlders' cash, so he needs a sensational new attraction. Word has reached him of the Japanese Devil Fish Girl; nothing quite like her has ever existed before. But Professor Coffin's quest to possess the ultimate showman's exhibit is about to cause considerable friction amongst the folk of other planets. Sufficient, in fact, to spark off Worlds War Two.

101 Uses for Stinging Nettles-Piers Warren 2006-05-23 Stinging nettles are, for many of us, nothing more than persistent weeds with a painful sting. But apart from having an important role in the web of life, nettles are an incredibly useful plant to mankind. They have been put to myriad uses by our ancestors, and many of these are still valid today. Already stinging nettle products are growing in popularity in the field of alternative medicine, as their wide range of health benefits becomes better known. This unique book explores the diverse uses of this fascinating plant - in the garden and the kitchen, for their medical and fibrous properties and so on. It is packed with practical suggestions, as well as a guide to the botany of stinging nettles, and how to collect and store them. For example, you will discover how to use nettles to: make a liquid plant fertiliser brew an unusual beer make a dandruff treatment protect beehives flavour an omelette make friendship bracelets repel flies naturally make green or yellow fabric dyes keep yourself warm in the winter and much more ... The many health benefits of taking nettles in various forms include relief from: hay fever and other allergies; acne and other skin conditions; arthritis and rheumatism; asthma; stress; high blood pressure; depression; enlarged prostate gland. The book also features Digital Nettle Art!

Fundamentals of Piezoelectric Sensorics-Jan Tichý 2010-07-28 Presents the fundamental physics of piezoelectric sensors. Only book with this scope Targeted to those engineers, phycisists and chemists who are involved in materials processing, device design and manufacturing.

Oric Atmos and Oric 1 Graphics and Machine Code Techniques-Geoff Phillips 1984

Imagined Democracies-Yaron Ezrahi 2012-10-15 This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the creative unconscious collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order. Exposure to electronic mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice.

Origami Sculptures-John Montroll 1990-01-01 Contains a collection of Montroll's best paper folding with the modern advances of computer graphics.

From Fear Set Free-Nayantara Sahgal 1963

Lampasas County- 2009 It was the legendary sulfur springs that attracted Lampasas' first permanent settlers in 1853. Texas pioneer Moses Hughes and his ill wife, Hannah, journeyed to the region after hearing rumors of the area's medicinal waters from Native Americans. Hannah's health improved, and her recovery was credited to drinking and bathing in the springs. Others soon followed and settled throughout the region's wild Texas frontier. The book "Images of America: Lampasas County," released Monday, offers a glimpse into the community's history through 128 pages of vintage photographs and captions spanning from the county's founding in 1856 to the early 1960s. Compiled by the Lampasas County Museum Foundation, the paperback chronicles the area's natural resources and disasters, businesses, schools, architecture, and perhaps most intriguing - the people.

The Witch of Little Italy-Suzanne Palmieri 2013-03-26 In Suzanne Palmieri's charming debut, The Witch of Little Italy, you will be bewitched by the Amore women. When young Eleanor Amore finds herself pregnant, she returns home to her estranged family in the Bronx, called by "The Sight" they share now growing strong within her. She has only been back once before when she was ten years old during a wonder-filled summer of sun-drenched beaches, laughter and cartwheels. But everyone remembers that summer except her. Eleanor can't remember anything from before she left the house on her last day there. With her past now coming back to her in flashes, she becomes obsessed with recapturing those memories. Aided by her childhood sweetheart, she learns the secrets still haunting her magical family, secrets buried so deep they no longer know how they began. And, in the process, unlocks a mystery over fifty years old—The Day the Amores Died—and reveals, once and for all, a truth that will either heal or shatter the Amore clan.

Tapworthy-Josh Clark 2010-06-08 So you've got an idea for an iPhone app -- along with everyone else on the planet. Set your app apart with elegant design, efficient usability, and a healthy dose of personality. This accessible, well-written guide shows you how to design exceptional user experiences for the iPhone and iPod Touch through practical principles and a rich collection of visual examples. Whether you're a designer, programmer, manager, or marketer, Tapworthy teaches you to "think iPhone" and helps you ask the right questions -- and get the right answers -- throughout the design process. You'll explore how considerations of design, psychology, culture, ergonomics, and usability combine to create a tapworthy app. Along the way, you'll get behind-the-scenes insights from the designers of apps like Facebook, USA Today, Twitterrific, and many others. Develop your ideas from initial concept to finished design Build an effortless user experience that rewards every tap Explore the secrets of designing for touch Discover how and why people really use iPhone apps Learn to use iPhone controls the Apple way Create your own personality-packed visuals

Cursive Writing Practice Jokes & Riddles, Grades 2-5-Violet Findley 2010-11-01 Provides ready-to-reproduce practice pages of jokes and riddles written in cursive in order to help build handwriting skills.

Steal the Dragon-Patricia Briggs 1995-11-01 The third novel in the Sianim series from the #1 New York Times bestselling author of the Mercy Thompson series and the Alpha and Omega novels... When Rialla was young, slave traders from Darran ambushed her clan, killing all the men and enslaving the women and children. For years, Rialla lived in bondage, serving her master while waiting for a chance to escape. When that chance came, she made the best of it—and fled to the mercenary nation of Sianim... Now she can strike back at her former masters. A lord in Darran seeks to outlaw slavery—but there are plots to kill him before he can. Rialla is chosen by the spymaster of Sianim to prevent the murder—and is plunged into a world of deadly magic, where gods walk in human form. Where her most trusted companions are not what they claim. And where Rialla could be enslaved again...

Dancing with Fireflies-Denise Hunter 2014-03-18 Jade returns home to Chapel Springs after years of protecting her fragile heart. Then along comes Daniel, making her long to dance again. Growing up in the Midwestern river town of Chapel Springs, Indiana, Jade McKinley felt like a weed in a rose garden. When she left, she thought she'd never look back. Now, pregnant, alone, and broke, she has no other choice but to return. The mayor of Chapel Springs, Daniel Dawson, has been an honorary member of the McKinley family for years. While his own home life was almost nonexistent, Daniel fit right in with the boisterous McKinley family. He's loved Jade for years, but she always thought of him as a big brother. Now that she's back, his feelings are stronger than ever. As Jade attempts to settle in, nothing feels right. God seems far away, she's hiding secrets from her family, and she's strangely attracted to the man who's always called her "squirt." Returning home may prove more difficult—and more wonderful—than she ever imagined.

The MSX Red Book- 1985

Getting Started with Oracle Event Processing 11g-Alexandre Alves 2013-03-26 This book is a practical guide with examples and clear steps to explain terrain modeling with Grome. If you're a developer or artist looking for a guide to walk you through GROME 3.1, then this book is for you. This book will help you from the first step to exporting a terrain as a workable art asset in a game engine.

Search Engine Advertising-Kevin Lee 2009-08-05 "A remarkable book that eases you into the important world of search engine advertising. Read it before your competitors do!" -Danny Sullivan, Editor SearchEngineWatch.com Nothing delivers high-quality traffic like the search engines, but if you're not showing up prominently in the results for your desired keywords, that means your competition is. The way to gain control and maximize profit is to take advantage of paid search results. Paid search engine listings can deliver site visitors who want to buy what you sell. And they can pinpoint exactly the right landing pages using not only keywords, but also geography, time of day, and more. With a little education and pre-planning, any company can launch a profitable search engine advertising program. Key features in this book include learning how to: • Buy top positions on the major search engines profitably • Transform poor ad copy into ads that deliver results • Increase visitor-to-buyer conversions • Begin paid search advertising now, even if you're a novice • Use advanced techniques to evaluate and improve your results • Leverage successes from Google into Yahoo, Microsoft, and more • Leave the unprofitable clicks to your competition while grabbing the most profitable ones

Expressvan- 1982

Gotham Unbound-Ted Steinberg 2014-06-03 Winner of the 2015 PROSE Award for US History A "fascinating, encyclopedic history...of greater New York City through an ecological lens" (Publishers Weekly, starred review)—the sweeping story of one of the most man-made spots on earth. Gotham Unbound recounts the four-century history of how hundreds of square miles of open marshlands became home to six percent of the nation's population. Ted Steinberg brings a vanished New York back to vivid, rich life. You will see the metropolitan area anew, not just as a dense urban goliath but as an estuary once home to miles of oyster reefs, wolves, whales, and blueberry bogs. That world gave way to an onslaught managed by thousands, from Governor John Montgomerie, who turned water into land, and John Randel, who imposed a grid on Manhattan, to Robert Moses, Charles Urstadt, Donald Trump, and Michael Bloomberg. "Weighty and wonderful...Resting on a sturdy foundation of research and imagination, Steinberg's volume begins with Henry Hudson's arrival aboard the Half Moon in 1609 and ends with another transformative event—Hurricane Sandy in 2012" (The Plain Dealer, Cleveland). This book is a powerful account of the relentless development that New Yorkers wrought as they plunged headfirst into the floodplain and transformed untold amounts of salt marsh and shellfish beds into a land jam-packed with people, asphalt, and steel, and the reeds and gulls that thrive among them. With metropolitan areas across the globe on a collision course with rising seas, Gotham Unbound helps explain how one of the most important cities in the world has ended up in such a perilous situation. "Steinberg challenges the conventional arguments that geography is destiny....And he makes the strong case that for all the ecological advantages of urban living, hyperdensity by itself is not necessarily a sound environmental strategy" (The New York Times).

Resource-ful Consulting-Karen Izod 2018-05-11 Consultants and practitioners working with change can feel at a loss as to how to help their clients move forward. Organisations get stuck in routine ways even when they have innovations in mind. Consultants get stuck in familiar interventions which no longer prove stimulating or effective. Such challenges to practice can preoccupy and reinforce these stuck positions. Drawing on the authors' experiences of working with the professional development of consultants and change-agents over many years, this book provides an asset-based approach to consulting, where the resources to work at this 'stuckness' come from the way that we think about and use ourselves: our Identity and our Presence. The authors propose that developing capacities to recognise and analyse who we bring into our consulting, and how we bring ourselves is central to resource-ful practice. Without a skill-ful integration of these resources, the potential for change can be compromised. In handbook format, the book is structured in seven sections: Potential Space, Identity, Presence, Role Space, Practice, Change, and Future Developments.

A Quick Guide to Teaching Second-Grade Writers with Units of Study-Lucy Calkins 2009 In A Quick Guide to Teaching Second Grade Writers with Units of Study Lucy Calkins chronicles a curricular calendar that will help teachers increase the volume of student writing; encourage students to lift the level of their writing by revising, rethinking, and rewriting their work; and empower students to write with greater independence. A Quick Guide to

Teaching Second Grade Writers with Units of Study is part of the Workshop Help Desk series. About the Workshop Help Desk series The Workshop Help Desk series is designed for teachers who believe in workshop teaching and who have already rolled up their sleeves enough to have encountered the predictable challenges. If you've struggled to get around quickly enough to help all your writers, if you've wondered how to tweak your teaching to make it more effective and lasting, if you've needed to adapt your teaching for English learners, if you've struggled to teach grammar or nonfiction writing or test prep...if you've faced these and other specific, pressing challenges, then this series is for you. Provided in a compact 5" x 7" format, the Workshop Help Desk series offers pocket-sized professional development. For a comprehensive overview of the Units of Study for Teaching Writing series, including sample minilessons, sample videos, curricular calendars, overview presentations, frequently asked questions, and information on the companion principal's guide and the Workshop Help Desk series visit unitsofstudy.com.

Administering a Microsoft SQL Server 2000 Database-Logical Operations LLC 2003

Common Core Skills & Strategies for Reading Level 8-Saddleback Educational Publishing 2013-09-01 The Common Core State Standards (CCSS) provide a consistent, clear understanding of what students are expected to learn. Aligning each lesson in these six Common Core titles to the CCSS ensures that students are being taught and assessed on what they are expected to learn and know. The alignment helps educators think critically about their curriculum, instruction, and assessments as they work to ensure that their students meet the rigorous new standards. Beginning with foundational skills, the activities teach students what they need to learn. The alignments offer a progressive development of reading comprehension skills so that students advancing through the levels are able to gain more from whatever they read. Each title includes a table of contents, a CCSS alignment chart, 130 reproducible lessons individually aligned to the CCSS (each lesson contains a discrete alignment at the bottom of the page), a scope and sequence chart, and an answer key.

The Day Freedom Died-Charles Lane 2008-03-04 The untold story of the slaying of a Southern town's ex-slaves and a white lawyer's historic battle to bring the perpetrators to justice Following the Civil War, Colfax, Louisiana, was a town, like many, where African Americans and whites mingled uneasily. But on April 13, 1873, a small army of white ex-Confederate soldiers, enraged after attempts by freedmen to assert their new rights, killed more than sixty African Americans who had occupied a courthouse. With skill and tenacity, The Washington Post's Charles Lane transforms this nearly forgotten incident into a riveting historical saga. Seeking justice for the slain, one brave U.S. attorney, James Beckwith, risked his life and career to investigate and punish the perpetrators—but they all went free. What followed was a series of courtroom dramas that culminated at the Supreme Court, where the justices' verdict compromised the victories of the Civil War and left Southern blacks at the mercy of violent whites for generations. The Day Freedom Died is an electrifying piece of historical detective work that captures a gallery of characters from presidents to townspeople, and re-creates the bloody days of Reconstruction, when the often brutal struggle for equality moved from the battlefield into communities across the nation.

Gates of Rapture-Caris Roane 2012-12-24 Gates of Rapture Caris Roane As a vampire and a warrior, Leto Distra is deadly. But after years of being forced to drink dying blood, he is now part beast—a wild savage thing lurking beneath the surface. With war on the horizon, Leto is determined to help the Guardians of Ascension destroy the enemy who turned him into a monster. And there's only one woman who can help him. Grace Albion is certain that she's meant to be with Leto, but their future may be cut short by the impending battle. Now Grace must embrace her obsidian flame powers—and bind her powers with Leto's—if they're ever going to survive. With the fate of the world at stake, they must tap into powers they never knew they had...and unlock their deepest passions. Sexy and thrilling, Gates of Raptures is the breathtaking final book in Caris Roane's Guardians of Ascension series.

The Eye of Eternity-Maggie Furey 2003-07-01 The Curtain Walls safeguarding the kingdoms of Myrial tremble on the point of collapse. If they fall, the world will fall with them. Its fate lies in the hands of the Shadowleague, but they have been shaken to the core by the return of the renegade Amaurn. Claiming what he believes to be his rightful place - at the head of the Shadowleague - the man who long ago betrayed the Loremasters must first persuade them to follow him. He has already deposed the Achimandrite, but now a greater challenge awaits - and his sinister past is far from forgotten. In the kingdom of Callisiora, in the mountain city of Tiarond, those who managed to survive the vicious attach of the winged Ak'Zahar remain trapped in the Temple. The new Hierarchy, Gilarra, knows that time is fast running out for her and her people. Unaware of the great catastrophe that threatens to tear Myrial apart, only a miracle can save them. THE EYE OF ETERNITY is the triumphant final volume in this magical fantasy trilogy. Find out more about this title and others at www.orbitbooks.co.uk

(Watch Me) Body You-Avril Ashton 2014-11-26 Denial only lasts so long...eventually the heart wins out What if loving him... After recent events that had his life flashing before his eyes, Israel Storm is re-evaluating everything. His friends. His priorities. What's not going to change is the deep connection he's developed with Reggie Turner. They're comfortable with each other, partners in crime with no qualms about sharing women. Whatever Is needs, Reggie is the one he calls. Their bond can survive anything. But maybe not the kiss Reggie plants on him out of nowhere. Means losing him? Despite what Is thinks, that kiss came from somewhere. An un-named current has been flowing between them for months. Reggie doesn't bat for his own team, but the more time he spends with Is, seeing past the rough facade of the man leading The Rude Boys, the more Reggie loses sight of labels and where he fits. All he knows is there's something there, something Is will never acknowledge. One kiss leads to a punch that lands Reggie in the ER, and sends Is digging through his darkest memories in search of himself. Friendship is all that's left if they bury the truth. If they ignore the pull that makes it impossible to do anything other than fight. But denials can be exhausting and hiding isn't working, not when everyone can clearly see your heart's desire. An enemy is out to make an example of Is and his weapon of choice will leave this Rude Boy bloodied...and bodied.

Scala in Action-Nilanjan Raychaudhuri 2013 Offers a tutorial to the Scala programming language, describing how to use the open source libraries for both Java and Scala, how to build DSLs and other productivity tools, and ways to debug and test using ScalaTest.
