In this eye-opening and cutting edge book, renowned business strategist Fred Wiersema offers totally new guidelines for measuring a company's success. He explains why traditional measures, such as size of the company or total sales, are no longer adequate markers of a company's prowess or future prospects. By providing new sales growth and market value indexes, Wiersema shows readers how to recognise the movers and shakers in the industry, whether internet-based or more traditional. He identifies today's 100 most influential global businesses and explains what makes them so powerful.
