The devastation of New Orleans after Hurricane Katrina has been imprinted in our collective visual memory by thousands of images in the media and books of dramatic photographs by Robert Polidori, Larry Towell, Chris Jordan, Debbie Fleming Caffrey, and others. New Orleanians want the world to see and respond to the destruction of their city and the suffering of its people—and yet so many images of so much destruction threaten a visual and emotional overload that would tempt us to avert our eyes and become numb. In The Color of Loss, Dan Burkholder presents a powerful new way of seeing the ravaged homes, churches, schools, and businesses of New Orleans. Using an innovative digital photographic technology called high dynamic range (HDR) imaging, in which multiple exposures are artistically blended to bring out details in the shadows and highlights that would be hidden in conventional photographs, he creates images that are almost like paintings in their richness of color and profusion of detail. Far more intense and poetic than purely documentary photographs, Burkholder's images lure viewers to linger over the artifacts of people's lives—a child’s red wagon abandoned in a mud-caked room, a molding picture of Jesus—to fully understand the havoc thrust upon the people of New Orleans. In the deserted, sinisterly beautiful rooms of The Color of Loss, we see how much of the splendor and texture of New Orleans washed away in the flood. This is the hidden truth of Katrina that Dan Burkholder has revealed.

Losing Our Way—Bob Herbert 2015-07-07 "In a searing indictment of America's decline, former New York Times columnist Bob Herbert profiles struggling Americans—casualties of decades of government policies that have produced underemployment, inequality, and pointless wars—and offers a ringing call to arms to restore justice and the American dream. The United States needs to be reimagined. Once described by Lincoln as the last best hope on earth, the country seemed on the verge of fulfilling its immense promise in the mid 1960s and early 1970s: unemployment was low, wages and profits were high, and the nation’s wealth—by today's standards—was distributed in a remarkably equitable fashion. America was a society confident that it could bring a middle-class standard of living (at the very least) and the full rights of citizenship to virtually everyone. This sense of possibility has evaporated. In this book longtime New York Times columnist Bob Herbert combines devastating stories of suffering Americans with keen political analysis to show where decades of corporate greed, political apathy, and short-term thinking have led: America's infrastructure is crumbling, our schools fail our children, unnecessary wars main our young men, and underemployment plagues a generation. He traces how the United States went wrong, exposing the slow, dangerous shift of political influence from the working population in the 1960s to the corporate and financial elite today, who act largely in their own self-interest. But the situation isn't entirely hopeless. Herbert argues that by tapping the creative ideas of people across the country who are implementing solutions at the local level, the middle class can reassert its power, put the economy back on track, and usher in a new progressive era."
Finding Jesus—David Christian 2011-06-17 A scholar among the laity, anonymous author “David Christian”, in checking the text amongst the ordained, received positive feedback including the following: Ernie (38 years of church pastoral leadership) wrote, “Book is remarkable with more knowledge of biblical literature and history than most ministers including yours truly.” Laurie (pastor of a small local church) offered “For your fun and engaging approach – abundant praise. And know that it’s a fine book to use with small groups.” Wayne (ordained seminary professor) calls it “a thesaurus of great reading, good thinking, and delightfully provocative writing.” The goal of the book is to motivate saving the many Christian churches from themselves so that in unity the Church will motivate saving the world from itself. We don’t have a lot of time.

Growing in Christ—Arnie Cole 2014-11-01 Growing in Christ is a story-driven, forty-day devotional that reads like a novel while taking believers through the Gospels. As readers study the life of Christ, they’ll learn how to get more of Him into their lives–more of His heart, more of His story, more of what He wants for each of us. And as His truths are worked into their own hearts, readers will learn how to develop the right mindset so to live out the words of Jesus, take their eyes off themselves to better love their neighbors, pray with power and nurture, and live well within the community of believers. There are three characteristics of this devotional book that I especially like. First, it is about Jesus, what He did for others and what He can do for us. We can never learn too much about our wonderful Lord. Second, the book is well-organized and focuses on the basics of successful Christian living. As you read, you will get your hands on the essentials of the Christian life and avoid being mired in some time-wasting detour. This book is not a detour; it is a highway! Finally, this book encourages you to get involved. It is easy for us to read but not assimilate spiritual truth because we fail to obey what we have learned. It is only when we obey that we receive spiritual nourishment and grow. Mere passive reading will do us little good. We must become actively engaged with God’s truth if we expect the Lord to transform us and make us a blessing to others. This book tells you how and encourages you to do it. Stay with it and God’s truth will stay with you!” Warren Wiersbe—Radio Bible teacher and bestselling author of more than 150 books

Book jacket.

The Silence of Gethsemane—Michel Benoît 2013 An unordained monk and expert on Jesus Christ transposes his lifetime’s research into fictional form, for a novel offering an intimate portrait of the man Jesus On a Passover night, in the midst of an olive grove, a young rabbi from Galilee is waiting. He knows that his people have abandoned him and that he will be arrested. Alone with the stars, he relives the events which have changed his life—his meeting with John the Baptist, his stay in the desert, followed by his two years of wandering—and reiterates his personal message to the world, a message which was misunderstood by his followers, rejected by the authorities, and which ultimately leads to his betrayal and downfall. Based on rigorous research and analysis, Michel Benoît constructs a lively and entertaining novel, and gives voice to an ordinary man whose teachings, subsequently distorted by the church establishment, delivered words of hope on the eve of catastrophe.

John—Mark A. Matson 2002-05-31 In this ten-session study, Mark Matson presents the Fourth Gospel. The Gospel of John is a very different book than the other three—there is no Sermon on the Mount or parables and there is no teaching of the Lord’s Prayer. But what is important about John is the undertone of conflict between those who accepted Jesus as Messiah and those who did not. Interpretation Bible Studies (IBS) offers solid biblical content in a creative study format. Forged in the tradition of the celebrated Interpretation commentary series, IBS makes the same depth of biblical insight available in a dynamic, flexible, and user-friendly resource. Designed for adults and older youth, IBS can be used in small groups, in church school classes, in large group presentations, or in personal study.

Jesus Revealed—Mark D. Roberts 2010-05-19 Jesus Revealed reintroduces readers to the true Son of God, helping them see him with clear vision, so that they can love him more fully and follow him more completely. Readers will be surprised and delighted as they get to know the Jesus whose face is clearly revealed through the titles God gave him and the names used for him by his earliest followers. A sense of comfortable familiarity with the Savior can cloud people’s vision—and even prevent them from drawing closer to Jesus as he really is. Titles and descriptions are heard so often that it’s easy to miss the impact of their true meaning. Even the name Jesus is so well known that it has lost much of its power in believers’ lives. In these pages, readers will encounter a Jesus who surprises and unsettles, who comforts and empowers, in astonishingly authentic ways. Each chapter focuses on one aspect of Jesus’ identity—such as Rabbi, Son of Man, Light of the World. As pastor and scholar Mark Roberts explores what’s behind each of these titles, he brings insight into the theological and historical meanings, and then relates them to life today. Readers will travel back to first-century Palestine, meet the God-man we know as Jesus, and experience a soul-changing encounter with him. Because to know him is to love him.

Freedom’s Song—K. Wayne Keillor 2014-11-25 Freedom’s Song is both an expanded translation and a one-of-a-kind interpretation of the life of Jesus. It is a fresh portrait of him based on primary source documents, namely, the four gospels of the Christian scriptures. In this story, these documents are harmonized and arranged into a highly probable chronological narrative. To add depth and flavor, and bring about a greater understanding of Jesus’ discourses, illustrations, homilies, and deeds, cultural and political beliefs and practices of the first-century are incorporated into the book. The Prologue opens with a celestial sign that appeared to Magi priests about fifteen months before Jesus was born. This is followed with a discussion of his pedigree and his person. Part I covers the Inauguration of Freedom, from Jesus’ unique birth to his first Passover in Jerusalem as a youth. It then jumps forward eighteen years to his baptism, personal testing as God’s Liberator, recruitment of his first six disciples, and, finally, his first power deed. Part II focuses on the Battle for Freedom. It covers approximately two years of Jesus’ ministry—his tour of Galilee with the gospel, identification of himself as the God-man, sermon about God’s kingdom, dispatching apostles to spread the “good news,” teaching by parables, visiting Jerusalem, and his warning to the religious leaders of his day. Part III includes Freedom’s Victory, coincidentally the denouement of Jesus’ life. He is back in Jerusalem for another Passover and a final gathering with the apostles. And here he is arrested, tried, and crucified as a common criminal. The story ends with Freedom’s Song—Jesus is alive!

The Disappearing Christ—Phil Maciak 2019-08-27 At the turn of the twentieth century, American popular culture was booming with opportunities to see Jesus Christ. From the modernized eyewitness gospel of Ben-Hur to the widely circulated passion play films of Edison, Lumière, and Pathé; from D. W. Griffith’s conjuration of a spectral white savior in Birth of a Nation to W. E. B. Du Bois’s “Black Christ” story cycle, Jesus was constantly and inventively visualized across media, and especially in the new medium of film. Why, in an era traditionally defined by the triumph of secular ideologies and institutions, were so many artists rushing to film Christ’s miracles and use his story and image to contextualize their experiences of modernity? In The Disappearing Christ, Phillip Maciak examines filmic depictions of Jesus to argue that cinema developed as a model technology of secularism, training viewers for belief in a secular age. Negotiating between the magic trick and the documentary image, the conflicting impulses of faith and skepticism, the emerging aesthetic of film in this period visualized the fraught process of secularization. Cinematic depictions of an appearing and disappearing Christ became a powerful vehicle for Americans to navigate a rapidly modernizing society. Studying these films alongside a multimedia, interdisciplinary archive of novels, photographs, illustrations, and works of theology, travel writing, and historiography, The Disappearing Christ offers a new narrative of American cultural history at the intersection of cinema studies and religious studies.
